TIMELINE

- November – March: Research phase

- Presentation of research: spring 2021 (date tbc)

- Publication of research in online Toolbox

Green mobility

- Travel of people: artists – programmers – audience
- Transport of goods: set materials – technical equipment – merch

Green mobility

- Travel: of people
- Transport: of goods
  - *Mode of transportation*
  - *The distance travelled*
  - *The weight that comes on tour*

Green mobility

- Travel: of people
- Transport: of goods
  - *Choice of "vehicle"*
  - *The distance travelled*
  - *The weight that comes on tour*
- Accommodation
- Catering

(a handful of)
Recommendations

(a handful of)
Recommendations

→ understand → commit → avoid → reduce → offset

(a handful of)
Recommendations

→ understand → commit → avoid → reduce → offset

- Use carbon calculators to measure your impact

- Smart itineraries and maximizing the stay: workshops, post-show talks, double shows

- Network-building!

- Double-check tech riders

- Partner up with your local public transport carrier

- Partner with local "green" accommodation

- CO_2 offsetting: for all the carbon emissions that can't otherwise be avoided

(a handful of)
Recommendations

- Use carbon calculators to measure your impact

- Smart itineraries and maximizing the stay: workshops, post-show ~~ws~~

- Network-building!

- Double-check tech riders

- Partner up with ~~your~~ ~~carrier~~

- Pa~~~~ accommodation

- CO2 ~~offsetting~~: for all the carbon emissions that can't otherwise be avoided

CELEBRATE YOUR PROGRESS
