Messe Freiburg offers free WiFi (up to 1 Mbit/s) for a period of 30 minutes per day and device. Access to the wi-fi is available for 30 minutes from the time of registration.

Should you require a WiFi connection beyond this, we offer you the exhibitor WiFi . It will run on a separate network from Sunday, 22.01.2023 (8:00 a.m.) up to and including Wednesday, 25.01.2023 (midnight). The speed of this separate network will not be affected by the guest WiFi .

Please note that once a device has been connected, it is not possible to change the device (multiple use) for the access code. Therefore, if you plan to access the internet with several devices at the same time, you must take this into account when ordering the number of end devices. If you would like to show videos at the stand, we recommend saving them locally on a suitable storage medium (CD, USB stick) instead of streaming them live.
